

# HEAVY-DUTY INDUSTRIAL CLUTCHES

*Pump and rails sold separately.*

## Introducing the New Cat Pumps 10" Clutch

Expanding on our broad range of quality pump accessories, we now offer the widest selection of clutches in the industry. By answering customer requests for a clutch that is compact yet provides the required pulley ratio, the 76970 AND 76980 Clutches were developed. Now there's a choice for the right size clutch, rather than being stuck with an undersized or oversized clutch.

See our complete line of clutches; from 1.5 HP through 20 HP applications we have the right sized clutch.

### Features:

Industry first 10" clutch; providing more clutch options:

- Better torque transfer over 7" clutch
- More compact than 12" clutch
- In stock, ships with 24 hours
- Works with all 5CP or 5FR series pumps
- Torque rating of 75 ft./lbs
- Built for the most demanding applications

### Applications:

- Pressure Washers
- Sewer Jetting
- Hydro-excavators
- Steam Trucks
- Truck Mount
